

ONLY LIBERAL PAPER IN CITY OF 100,000--A LIVE TOWN

ANOTHER HITCH IN MEXICAN EMBROGLI

Huerta, to Save His Face, Demands Simultaneous Salute From U. S.

Which Wilson Claims International Customs Forbid Granting.

(By Times Special Wire.)
Washington, April 17.—Huerta has again said. He demands that his flag be hoisted on the United States flag that a salute be rendered simultaneously. This president Wilson is practically certain to refuse. The latest change at the eleventh hour when officials here expected the salute was as good as closed up. It was disclosed in despatches from Huerta's headquarters that the cabinet and administration officials said privately that a counter proposition would be accepted. The development confirmed the fears of those officials who expected Huerta would equivocate.

WILL FIGHT FOR THE OLD CITY EMPLOYEES

Controller Says They Must Get Work

Rumor of I. W. W. Workers in Town.

Controller (after announcing this morning that he would like to see the I. W. W. force the city to create in its employment the men who were grown on in the service, said that a man of 55 years of age had apparently quite full of life yet, and had worked for the city for years, appeared before the controller and the mayor this morning with a tale of woe. He had been refused employment, the city foreman declaring he was too old and could not do sufficient work to worth 25 cents an hour. "If the minimum wage had been paid at 25 cents, you would get a job tonight," he had been told. "If something is not done to protect old men before the next Council session, there will be something doing, will bring it up in the Council chamber and fight it out there. These men that have been employed, if they are to be faithful workers for the city."

TO ASK FOR PARDON From President of the Con- victed Dynamiters.

(By Times Special Wire.)
Kansas City, April 17.—At the convention of the Railway Department of the American Federation of Labor, which resumed here to-day, after an adjournment taken yesterday, on account of the death of Mr. W. P. Wood, a delegate from New Orleans, announced a resolution to lay the Illinois Central-Huerta line case before the Industrial Relations Commission as the first business on the agenda.

Another matter that was expected to be a proposition to have the officers and delegates of the convention sign a petition, asking President Wilson to pardon the structural iron workers convicted at Indianapolis.

WIFE COLLAPSED On Receiving News of Kill- ing of Her Husband

(By Times Special Wire.)
New York, April 17.—The wedding of Miss Marjorie Constant, daughter of Mr. and Mrs. Mary Constant, to Harold A. Loh, took place yesterday at the home of the bride's parents here. Only the immediate relatives witnessed the ceremony.

Shortly after the ceremony Mr. Loh and his bride left for Chicago, on their way to Europe. Mr. Loh is the son of Mr. Samuel Goldsmith by a former marriage. Mr. Goldsmith is a sister of Daniel Guggenheim.

NO ELECTION YET Seems Likely From As- quith's Words in the House.

(By Times Special Wire.)
Montreal, April 17.—The House of Commons yesterday, says a London cable to the Daily Mail, that the Government hoped to pass the bill for the abolition of plural voting before dissolution, but an election must come this summer, and they are preparing for that eventuality.

It is probable that the third reading of the Fish Home Rule Bill will be taken on April 21 or 22, and the suggestion is made that it is probable that its passage one of the stages in the Commons shall be terminated.

PRE-SCHOOL EDUCATION While the series of this year's Ham- ilton Association Lectures are draw- ing to a close, there are still three in- teresting lectures to be given. There has been a large attendance to both of the first two.

To-night this will be followed up by a lecture on "The Future of the Child," by Dr. S. C. Morgan. This subject must surely be of interest to all who are interested in the development of the mind of the child.

All are welcome as these lectures are held in the lecture hall in the old library building on Main street west.

JUSTICE BRITTON COMING. At the request, which are to open the series of this month, Chief Justice Britton will reside in the city for a few days.

Justice Meredith, as Judge
Meredith, understood that Judge
Britton will be up at the session in
the afternoon and on account of it being
an important case, it is probable that
a complete change will be made
in the afternoon.

'GETTE ARSON Great Yarmouth, Eng., Theatre Totally Destroyed.

(By Times Special Cable.)
Great Yarmouth, Eng., April 17.—The theatre on the great recreation pier here was destroyed to-day, by a fire caused by the explosion of a bomb laid under a seat by a militant suffragette.
At 6 o'clock this morning a violent explosion woke the inhabitants of Great Yarmouth, and a few moments later the theatre at the end of the pier burst into flames. It was recently rebuilt, at a cost of \$100,000.
The usual suffrage literature was found strewn along the pier, and on the beach, and it was assumed that suffragettes had attended last night's performance in the theatre and when they left, placed a bomb with a slow fuse attached under one of the seats.

McADOO-WILSON WEDDING FIXED

(By Times Special Wire.)
Washington, April 17.—The President and Mrs. Wilson announced to-day that the wedding of their youngest daughter, Miss Eleanor Randolph Wilson, and Secretary McAdoo, would take place on Thursday, May 7. The announcement from the White House giving the date of the wedding also said:
"In accordance with the wishes of Miss Wilson and McAdoo, the wedding will be very small, only the Vice-President and Mrs. Marshall, the cabinet and the immediate members of the two families, are to be present."

TOLLS EXEMPTION Again Being Considered by U. S. Congress.

(By Times Special Wire.)
Washington, April 17.—Interest in Congress in the proposed repeal of the exemption of American coastwise vessels from the payment of Panama Canal tolls, which had to some extent waned during the past few days because of critical developments in the relations between the United States and Mexico occupied the centre of the stage on the Senate side of the Capitol to-day. In the belief that the crisis in the Mexican situation has now passed, members of Congress to-day showed renewed interest in the tolls question. The Senate committee on inter-oceanic canals continued to-day its hearings on the subject, and the committee of the New York Chamber of Commerce appeared before the committee and were ready to be heard.

TALK OF USING FORCE AGAINST FOREIGNERS

Rumors Reached City Hall But English-Speaking Men Made No Such Attempt.

Unemployed Were Out in Numbers--Mass Meeting This Afternoon.

Many were the groups of the unemployed who were standing at the street corners this morning where there was any sign of work being carried on, and with longing eyes they gazed upon those who were more fortunate than they in that they were without the opportunity of handling a pick and shovel, which meant money in the pockets of those who had been granted this boon.
Many were down at the city yard early this morning, but there was no work there. There was a rumor that work was to be commenced on Barnard's avenue, and several walked right down to the eastern thoroughfare which resembled a veritable sea of mud, but after waiting there for some time and there were no signs of work being started they nearly tramped back again to the city.
Rumors were persistent this morning to the effect that the English-speaking portion of the out-of-workers were waiting to turn out on the day of the Latin races by force and take their jobs themselves.
Exciting developments were promised but even now there was more in the rumor than in the fact. Spraying from exasperation, or else at the sudden announcement, a group became suddenly affected with cold.
At all events, though some of the (Continued on Page 10.)

ROBSON-WALTERS REPORT HAS STIRRED CITY HALL

Officials Are Busy Denying That There Has Been Any Graft and Making Explanations.

An Investigation of the 1913 Work Will Be Ordered--Another Bad Feature Brought Out.

With all connected with the municipal management interpreting the special report by Ald. Thomas Robson and his committee in connection with local improvement work as a direct charge of graft against Engineer Maclellan's department, the officials of the latter department today say they have not been before. For years, Mayor Allan, the controllers and other civic leaders have heard all sorts of talk about funny stints in the Board of Works, and have even been told of what appeared to be specific instances where crooked work had been done, but they have never been able to put a finger on any case after investigation had been made of the rumors.
City Engineer Maclellan, as head of the Board of Works, is naturally in the limelight over Ald. Robson's report, as is also Secretary Brennan. It was openly admitted to-day that the committee's reference to Melrose avenue, on which street Secretary Brennan lives, and its unfavorable comparison with other highways on which work had been done by the city's department, was regarded as a direct insinuation. In view of the fact that Secretary Brennan made a statement to-day in connection with the City Engineer, in which it was definitely stated that investigation had already shown that Melrose avenue was no exception and had not, in proportion, been any cheaper in construction or cost than the property-owners' interest in less than streets with which it was compared. The two officials claim that the use of the word "graff" was in this office the other day, and he said there should be a good reason for the work being cheaper on that street when he paid, in opening up the survey, for every bit of work done along that line," stated Secretary Brennan, supported by the City Engineer. "That discussion of that street entirely," added the latter, explaining that the small base, through it being a residential street, lessened the cost considerably also.
"When I came into city service," I thought there was all sorts of graft going on in its departments such as mine, but since being here I have made investigations which have failed to show anything crooked in the least," was the emphatic statement of Engineer Maclellan to-day, replying to the numerous stories of graft floating about the City Hall. "I have never figured in any graft, and never will, although I have had opportunity from time to time. I don't know, of course about the aldermen, but I know I have never been able to find any in this department."
Ald. Hurrell, chairman of the Works Committee, said today that he had been unable to locate any graft, although he considered the bad management of the work being cheaper on that street.

OLD POLICE COURT HAS LITTLE ROMANCE

Brothers Met There After Thirteen Years

One Had Sought Other the World Over.

That after drifting about the world for thirteen years, brother leavens where the other was, two brothers who had met accidentally in this city, were reunited in the old Police Court, which was the scene of their first meeting thirteen years ago. The brothers, who were both in the police force, were both in the police force, and both were in the police force. The brothers, who were both in the police force, were both in the police force, and both were in the police force. The brothers, who were both in the police force, were both in the police force, and both were in the police force.

EXTENSION OF THE CAR LINE

County Council Passes By-law for Main Street.

ALLISON'S SALARY

Effort to Cut It to \$1,500 a Year Failed.

The by-law granting the Street Railway Company permission to run on Main street, between Ottawa street and Kilmuir street, was passed by the County Council this morning for its third reading. Several clauses were opposed and amendments made, but the company was satisfied Mr. Waller stating that the company was ready to accept the by-law for its third reading. The by-law, however, will not take effect unless formally accepted by the company within ten days. An effort was made to have the salary of the company reduced to \$1,500 a year, but this was defeated. The salary of the company was set at \$1,500 a year, but this was defeated. The salary of the company was set at \$1,500 a year, but this was defeated.

FRIDAY, APRIL 17, 1914.

AMUSEMENT LICENCES.

No one can say that the course decided upon by the Hamilton Ministerial Association in reference to the granting of amusement licences in this city is anything but fair and reasonable. It can fairly be said that their proposal, which is, in brief, that the Board of Police Commissioners, in dealing with the matter of amusement licences, be required to give due consideration to the sentiments of the public, should be accepted by the commissioners without the necessity of going to the Government. Three months ago two men were here scoffed at the very idea of the necessity of such a course arising, for probably no citizen of Hamilton would have imagined the senior judge of the County of Westwore and the Mayor of the City of Hamilton proceeding in any other way. But, in their new-found power, these gentlemen have seen fit to ignore the expressed sentiments of those most directly interested in the matter, whether viewed from a social or a moral standpoint, and, in the face of such treatment these gentlemen have actually proceeded to grant licences to the ministers and the mass of their people desire. We can hardly imagine that Judge Sutherland, an eminent and fair-minded citizen, and Mayor Allan, who surely ought to be in close touch with the situation and who usually displays good common sense, are not by this time informed by the earnestness and sincerity of the men who are fighting to gain consideration for the masses of the people; and also that they see how the masses actually represent the sentiment of the masses. If any more proof were needed, Police Magistrate Jellie can supply his conference on the Board of Police Commissioners with it.

WORK WANTED.

The local labor situation is such as to cause a good deal of worry. For many years, especially in the winter, the first breath of spring has been the signal for the opening up of all classes of labor in such volume as to ensure for every man who wanted it steady work at pretty good wages.

For many years there has been an abundance of work all through the winter, and nobody suffered want. Those charged with the duty of looking after the needs of those who were unemployed during the winter, and who were charged that the opening of spring would see a return of the old-time demand for labor, but they seem to be doomed to disappointment. The trouble is that the big industrial plants are not taking on the men who have been idle in whole or in part during the winter, and skilled mechanics are, in large numbers, not being taken up by the exclusive right of the laboring classes. The situation is complicated by the announcement officially made on behalf of the city that unemployed men must not be employed in any way that would get out of the city because there will be no work for them, and further complicated by the statement of the city engineer that men will not be employed on city jobs that none but strong, able-bodied men competent to do a good day's work will be taken on. The reason given for this decision is that there will not be as much city work done this year as last, and that the rate of wages being higher, men must be secured who can give extra value for the extra money. Meanwhile the unemployed are clamoring for a chance to work. Unfortunately, building operations have not opened as briskly as was hoped for, partly because of a backward spring and partly because there is not going to be as much building as in former years. It had been hoped that the C. N. R. would begin active operations this spring, but that happy event seems not to be definitely set for next September. There will be no railway construction on a large scale to help matters. It will be necessary for the unemployed to use their wits as quickly as possible and use their best judgment in distributing it. The Government ought to be doing more in harbor improvement, in the building of docks, in the construction of east end post office need not be held off until an election is at hand. It seems pretty certain that we are in for a quiet year, and it will take the best fighting of the Works Department of the city, and of the management of the big industries to help out the situation. Mayor Allan's appeal to citizens not to oppose the improvement works in order to make as much employment as possible, is timely.

New York State is undertaking a great campaign for the prevention of insanity. The superintendent of mental workers, and the establishment of a bureau of prevention and after-care are means proposed. And who are they these insane idlers?

get such strong support from it, but it is a thing that must go.

Good Soccer Promised In Local Leagues To-morrow

Manager Yates Expects Corns and Dwyer to Report Here To-day

**Eighteen Men Have Reported So Far—23
Will Be Here by Saturday.**

With nice weather and the diamond at the H.A.A.A. grounds in fair shape the Hamilton team, under the direction of Manager Yates, held a rather lengthy practice this morning, and no less than sixteen players were on hand to take part. All the new men who arrived this week showed up well, especially Smith and Ransome, of Hamilton, who were sent here by Manager Dunn. "Red" Fisher has arrived in town and now the club has three catchers, with Darlington on hand.

At this morning's practice the pitchers and catchers worked out for short while getting the kinks out of their salary wing and despite the carelessness of the season they all showed up well. The manager will be a big help to the Hamilton pitcher, as he has been stated before as a local star and experience should win many a game for the local crew.

"Bud" McLeod is still holding down the second base position and is improving daily. The main thing that will do "Bud" the world of good is the willow and if he shows up well with the stick he should just about make the team. Walter and Dwyer are showing up well at shortstop and third base, and Dolan at first single prove a valuable man for the initial sack.

The Kravine City League team have asked for an exhibition game, but as has been stated before as a local star and experience should win many a game for the local crew.

Flynn and Dwyer are expected here to-day and should be out to practice tomorrow. Flynn is a local star and a friend of his stating that he would be here this week some time and to-day is set as the date for his arrival. Flynn, the Toronto boy who was given a workout last week by Knolly Lee's Kolls, will be here again for a workout. Last season Flynn was a little too light, but according to reports he has taken on thirty pounds since last season. Dwyer should be here to-day as he has been informed by Manager Yates that he would arrive before the end of the week. Dwyer is a pitcher and a hard task to pick out the poor ones.

Every man will likely be carried until the week before the league opens and then the things out process will begin. Manager Yates is well satisfied with the team that has arrived so far, and it is a hard task to pick out the poor ones.

London Press—The pitchers who are here trying for places on the London club, are slowly but surely coming into form, and it will be difficult to eliminate the best from this squad, especially as they are all right. Stinger Blosie is here. It is expected to report at Chillicothe on the 25th, along with Second Baseman Lashburn.

The three right-handers, outside of Manager Bellingham, are slowly but surely coming into form, and it will be difficult to eliminate the best from this squad, especially as they are all right. Stinger Blosie is here. It is expected to report at Chillicothe on the 25th, along with Second Baseman Lashburn.

Short Jabs at All 'Round Sports

If Oxford University cleans up the intercollegiate four-mile relay at Philadelphia April 25, John Bull will have no cause to crow.

The Oxford team is made up of one Englishman, one American, one Australian and one South African.

A Kentucky man offered \$25,000 for an Old Rose Bud, once a Kentucky derby favorite, and was refused.

Buzz around town at Jamestown the other day which only goes to show that he can buzz around.

Charlie White, the lightweight who was killed Ritchie soon, is on a vaudeville tour.

He is wise to do this stunt before he is laid off after meeting Willie.

Sam Langford now weighs 210 lb. If he continues to gain weight he will be a heavyweight champion, as far as belt is concerned.

Willie Hoppe has a new manager. The teams have left the sunny South. They all have gone away. But they'll be back again next Spring. To prepare for another fray.

Corns, Lower and Evans Expected Here To-day

**John Johnson Won
Alaska Sweepstakes**

**Covered 412 Miles With Dog
Team in 81 Hours.**

(By Times Special Wire.)

Nome, Alaska, April 17.—John Johnson, holder of the record for the 412 miles all-Alaska sweepstakes dog team race, became the winner in the 12th classic when he drove his 18 Siberian wolves into Nome at three minutes after six o'clock last night, having covered the 412 miles over the snow trail from Nome to Candia and return in 81 hours and three minutes. A. A. (Darting) Allan, driver of the Allan team, the 18th Malanests is still on the trail, but will finish second. Fred Ayer, with his team of 14 fox hounds, will finish third.

The Siberian "wolves" driven by Johnson were in a remarkably well conditioned finish, are a cross between the Alaska wolf and the Siberian wolf. They have the agility and endurance of the wolf and the faithful intelligence of the Alaskan dog. They are light in color, either white or grey, with a shaggy coat.

Johnson's dogs are carefully selected, the driver himself making annual trips to the coast country to obtain material for his team. He trains his team with constant work on the trail, and the dogs are well conditioned for the work. Johnson's dogs are well conditioned for the work. Johnson's dogs are well conditioned for the work.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

WILSON'S DEFENCE

Provincial Treasurer on the Ontario Expenditures.

Mr. Wilson Proves Justice of

Liberals' Charges.

PROVES MONEY IS MISAPPLIED
Mr. Bowman, in moving the
Journalism of the House, referred
the evidence of Mr. C. H. Sprague,
former Treasurer, given in
support of the Public Accounts
committee, that \$4,262,328 of the \$5,000,000
were raised, and up to November
1912, \$1,300,459 had been spent
on other services. The money was autho-
rized by the House as a special
loan to the National War Relief
Committee. When the House
this loan was authorized, declared
Mr. Bowman, "we expected that

to speak, but was reminded by speaker that no debate was allowed. The fund would be sold just as fast as money was required under the act in Northern Ontario and

asked a question of privilege. "I appeal from that point," replied the member from North Bruce, "and will there move the adjournment of the House to discuss the matter."

"That is all right," the speaker, Mr. Macdonald, said that time and time again. In the House the question had been asked whether or not funds raised for particular statutes should be earmarked and kept separate for the purposes for which they were appropriated. The speaker had said that the House should be consolidated and that was a legitimate business.

or debate. It was a question of keeping. The position of the

Mr. B. B. B. was not satisfied with the fact that the money was not being used for a specific purpose. He charged the members of the association with seeking to show that the \$5,000,000 authorized for New York should be deposited on a particular account and spent only for that purpose. The statement that

Society

Miss Kate Beattie has returned from Florida.

Mrs. Bowers, of Toronto, is visiting Miss Gladys Bruce.

Miss Beatrice Marks, Toronto, is the guest in New York of Mr. and Mrs. Rogers.

Mrs. J. Wilson Brown, of Buffalo, is the guest of her brother, Mr. Robert Griffith.

Mrs. Bert Springale has returned from Paris where she visited relatives.

Miss Mary E. Sager, of St. George, has been visiting Miss Gladys Mills, here.

Mrs. Webb, of Collingwood, is visiting Mrs. B. Webster and Mrs. C. H. Teskey, this city.

Miss Nellie McAlpine is the guest of Miss Lennie Hamilton, Jarvis.

Miss Alma Harvey was a visitor in Toronto for the Trump-Chadwick wedding.

Mrs. H. A. Martin and Miss Doris are staying with Mrs. D. W. Salter, Shaw street, Toronto.

Quite a number of Hamilton people will be among the guests at the Government house ball in Toronto to this evening.

The Hamilton Alma Daughters will hold their regular monthly meeting on Tuesday afternoon, April 21st, at 2.30 at the home of Mrs. McIlroy, 43 Wentworth street south.

In the I.O.O.F. Temple the annual ball of the I.O.O.F. Temple of the Grand Lodge of Ontario was held last night. Great preparations have been made for this event and a good time is promised to all who attend.

Miss Marjorie Fringie, Charlton avenue east, entertained at a luncheon shower yesterday afternoon in honor of Miss Lillian Duff. The rooms were tastefully decorated with American Beauty roses. Some of the guests were: Miss Cecile Clark, Miss Helen Devar, Miss Madeline Thompson, Miss Margaret Pearson, Miss Irene Moodie, Miss Beatrice Brown, Miss Edith Grantham, Miss Berri Marshall, Miss Marian Watson, Miss Rosa Davis, Miss Marjorie Cameron, Miss Hazel McIlroy, Miss Helen Douglas, Miss Catherine, Miss Eva Bernard and others.

A hundred couples enjoyed last evening the first annual all-club of the Kilkare Club in the Conservatory of Music, which turned out to be the most delightful affair held since the formation of the club. The committee charged was: W. H. Campbell, G. T. Egan, G. J. G. John.

Nordheimer Player

Plays Like the Natural Hand

The problem of manufacturing a Player-Plane, which is not mechanical, has been solved. Listen from a separate room to the same selection, played first by the natural hand and then by the Human Touch Player, and you cannot distinguish the difference. The test has never failed to convince even the most skeptical. Miniature catalogue of all our designs and full particulars mailed on request. Nordheimer, 18 King street west, Hamilton.

"UNSOLICITED"

Boys and Mothers Compliment Regg & Shannon.

Here are a few remarks overheard last week in the Regg & Shannon store, referring to their boys' department:

"This boy was more particular than Dad. He said: 'They have more fancy Norfolk suits in here than I have seen in Hamilton, but I like the grey one best—buy it for me, won't you, Dad?'"

"The lady was an American, and she said: 'I got in the habit of buying my boy clothing with two pairs of bloomers before I came to Canada, and this is the first time I have been able to get them here. I'll tell my friends.'"

"This lady had been buying out of town, and she said: 'I am delighted to find that I can now get my boys' clothing here at home. I know many mothers who will appreciate your efforts.'"

"This lady had just come from another store with her boy, she said: 'This is the same suit they just asked nine dollars for in that other store, and they only gave one pair of bloomers. I was speaking of our suit at \$6.50, with two pairs of bloomers.'"

The Regg & Shannon store is on James street north, and its advertisement on page 4 of this paper should be good news to our readers just at this holiday season.

Exposition Bulletin

The great chorus will have its organization rehearsal Monday evening, April 20, in Assheton Hall. Singers come early for registration. More voices can be placed, bring a friend who will sing.

Spring Lamb and Mint.

Chickens, squabs, well-bred, Cambridge sausage, fresh mushrooms, radishes, carrots, white sweet potatoes, new potatoes, tomatoes, Bermuda onions, asparagus, pie strawberries, blueberries, fresh cranberries, raspberries, blackberries and fruit bread, German rye bread, almond cake, strawberry, camembert and O. C. cheese.

—Ponies, Holton & Co., Ltd.

THE MAN IN OVERALLS

The sound of crackling is heard in the land, in spite of the vacuum cleaner.

In most cities where "clean-up" is the slogan they add "saloon-pump."

The Ministerial Association does not want the Police Commissioners to maintain a "public be" attitude.

Pretty tough on the old city laborer to lay him off just when the wages have reached a figure worth while.

"Lured to this country by false promises" is the story of a good many of the unemployed. And the luring is still going on.

March winds and April dust—complete the rhyme yourself you must.

Weather predictions two days ago were for a storm in the Gulf of Mexico but the threatened disturbance seems to have blown over.

Now that Heerta has doffed his bow-tie to Old Glory the moving picture machine may get busy on the war again.

Which is to make the most thorough clean up this season, the Board of Trade's clean city movement or the tussle with the sun?

Balmy springing, once again we salute you, but, my cousin, please dispense with that cutting air.

Can the city churches learn a lesson from the rural sisters, St. Luke's Church, Smithville, has appointed a young lady vestry clerk.

Will the subscriber who sent a bunch of newspaper clippings to the Times today kindly call at the office? We have something to show him.

PIANO BARGAINS

If you are looking for a piano at a bargain, because not entirely new, enough mentioned in the advertisement, call at the warehouses of Ye Olde Firm Heintzman & Co., Ltd., King and John streets, Hamilton.

SAVE THE HOUSE

Will be Moved Whole to Another Site.

Ed-Ald, Bryers, the contractor who built the famous house in a-day has purchased the house and will move it bodily to a new site on Sanford avenue, near the firehall. William Hladoff purchased the building from the winner of the rousing competition, J. W. Seymour, of Cheltenham, for \$2500.

Byers, wishing to save the house as a testimonial to his skill, made an offer to Mr. Hladoff, who decided to accept.

Appraisers Finished.

The appraisers of the property of the first at the warehouses of A. M. Souther & Co., corner King and Park streets, have finished their work. The appraisement consisted of brass and iron beds, buffets, extension tables and chairs, kitchen cabinets, Japanese grass chairs, tables, rockers and settees, china cabinets, sideboards, parlor suites and parlor chairs and other home furnishings. Of all these, only the beds were in the midst of the fire, and a large portion of these were so protected by crating and wrappings that they are only slightly damaged. In the majority of cases, every piece of carpet and all the drapery were saved. The loss of the smoke has been directly offset by the fact that the property was insured for \$100,000.

There is the least suggestion of smoke on the fire, and the property is in the same care as being exercised, and it is safe to say there will be some startling bargains in the near future.

When this stock is placed on shelves, some delay has been caused by the fact that the property has been moved to be made to the shipping rooms and the ground floor of the store before the firm can go on with the sale.

So many inquiries have come in as to when the sale would take place that the firm has decided to have the Times to make this statement.

An Old English Tonic.

Howard's English Bess, Iron and Wine is unquestionably the purest and most beneficial of all beef and iron tonics. It is a tonic of the highest quality, made from the finest extracts of beef, easily assimilated, and well matured sherry wine. 35c. Market square.

Striking Suits at \$12 and \$15.

Made by leading manufacturers. Quality of material and tailoring that is usual. Our customers tell us we have the best clothes in the city.

Those who trade here know. Franks & Co., 13 and 15 James street north.

Not An Optical Experiment.

The quality of our goods, the accuracy of our methods of examining the eyes for glasses are what make Franks' eye tests so accurate. They are not an optical experiment, they are a fact.

CARS DAMAGED.

A street car pitted in cornered yesterday afternoon about 7 o'clock, near the corner of Rebecca and James streets. Inspector Archie Farewell was in charge of a car proceeding north on James street, directly behind another car. The street car struck and crushed the car in the rear and back, forcing the front car beyond repair. No one was injured.

CRETONNES AND WALL PAPERS TO MATCH

The combined use of cretonnes and Wall Paper of the same pattern makes a scheme of Wall Decorations in perfect harmony.

And at moderate cost.

We are showing many beautiful designs in Cretonnes and Wall Papers—made for combination use.

We would be glad to show you some of the new effects— inexpensive, but beautiful.

ROBERT DUNCAN & CO.

WALL PAPERS. JAMES STREET AND MARKET SQUARE.

NOTICES of Births, Marriages and Deaths which are inserted in the DAILY TIMES also appear in the SEMI-WEEKLY TIMES. 50c first insertion; 25c for each subsequent insertion.
